**ADDITIONAL INFORMATION SUPPORTING NJD** (e.g., paragraph 1 – site conditions; paragraphs 2-3 – rationale used to determine NJD, including information reviewed to assess potential navigation or interstate commerce connections; and paragraph 4 – site information on waters of the U.S. occurring onsite): The site contains part (approx. .75 acres) of approximately 2.5 acre cattail choked seasonal wetland, located within the city limits, and surrounded by development. The wetland is not navigable by watercraft, does not have a valid ICC connection and has no surface water connection to waters of the US; therefore it is isolated and non jurisdictional.
